

Schedule Your COVID-19 Vaccine Appointment

Alaskans 65+ may schedule appointments beginning January 6, 2021

Online Scheduling

Alaskans 65 years of age and older will be eligible to start scheduling appointments starting at 12 pm on **Wednesday, January 6, 2021** by visiting covidvax.alaska.gov.

Appointments will be available for Alaskans 65 years of age and older beginning **Monday, January 11, 2021**.

How to Book

- Step 1:** Starting **January 6, 2021**, visit covidvax.alaska.gov
- Step 2:** Click on the button to “Locate a provider to schedule an appointment.”
- Step 3:** Search for a vaccine provider in your community with vaccine appointment availability starting January 11 or later. Appointments may be limited at first, and more will be added as they become available.
- Step 4:** Schedule an appointment using the information provided. Your provider will advise you on how to make your appointment for your second dose.

Questions?

The website is the best place for information: covidvax.alaska.gov

You may also call 1-907-646-3322.

For local information, you may contact your local Emergency Operation Center or a [public health center](#) near you.

Notes:

Indian Health Services, Veterans Affairs, and Department of Defense vaccines are managed separately; follow the guidance of your healthcare provider if this applies to you.

What if I cannot physically make it to a vaccine site?

We are working with pharmacies, local Emergency Operation Centers, public health nursing, contractors and other social service agencies to administer vaccine to Alaskans that are in a long term care facility or homebound. Please contact your local Emergency Operation Center or public health center for more information.
